SUMMARY
Machine learning engineer with 3 years of experience in NLP and deep learning systems.

SKILLS
Python, SQL, pandas, numpy, scikit-learn, PyTorch, TensorFlow, NLP, deep learning, statistics, feature enginee

EXPERIENCE
Machine Learning Engineer, LinguaTech Aug 2022 - Present
- Built NLP models for intent detection serving 2M requests daily
- Containerized models with Docker and deployed on AWS SageMaker
- Created evaluation dashboards and shared insights with stakeholders

Junior Data Scientist, InsightBox Jul 2021 - Jul 2022
- Developed classification models using scikit-learn and pandas

EDUCATION
B.E in Computer Science, 2017 - 2021

PROJECTS
- Question answering system using transformers
- Time series anomaly detection
- Recommendation engine with matrix factorization

CERTIFICATIONS
- TensorFlow Developer Certificate
